Forest Budget for 1900/1901

Receipts. A net increase of Rs. 5000 has been proposed over last yr. &c is under "Sandalwood", "minor produce, Timber", Firewood" and charcoal" and Bamboos".

Expenditure. A net increase of Rs. 17,936 has been proposed over last year's estimate.

The following points are submitted for consideration.

Submitted herewith.

(1) In his letter No. 3640/68 dated the 5th May 1900, the Conservator says that Rs. 2700 will be met for the Honnavar Forest-Lodge from the General Savings under "A. Conservancy and works". in the Budget for 1900/1901. He has not therefore provided for this separately; but as directed by the Secy. a sum of Rs. 2700 has been provided under "Buildings" & a corresponding decrease has been effected from Rs 11500 under the same head which is intended

This seems all right.

of unforeseen charges.

(2) Under Establishment the necessary provision has been made for the increases sanctioned in Govt. proceedings of March 1900 revising the Forest Estt.: but for temporary Estt also, which it was intended to be absorbed into permanent Estt an increased provision has been made.

In his letter No. 3725/562 dy 14-5-900 submitting the revised estimates the Conservator explains his reasons for retaining this temporary Estt.

To the credit at the end of the year account a saving in the cost of the permanent Estt.

3. Increased provision has also been made under travelling allowances. Mr. Pigot says that this provision may be retained pending submission of his proposals regarding Malnad katta to guards. This reference (Letter No. 3875/130 dy 22-5-00 with Rle no. 14.96) is also submitted herewith. In this he proposes to retain the Malnad katta to watchers which however was no where intended to be withdrawn after the introduction of the revised scheme. In the case of 1st grade guards he says

Net saving shown pending orders on this debatable reference.

No allowance need be granted

3. As per orders conveyed in Proc^gs N^o. 4768-71 / H. 7 25.98 dt 6th January 1900, additional provision has been made for the Ext^n. of the Yennedalli and other Kanals in Kadur. The question relating to their further management is still pending.

4. Regarding the purchase of the Agara Kanal, from Rt Thamerayan the Court says that he is unable to propose any reappropriation from the General Sanctions of the current year's budget and suggests that this expenditure (1500) be met from a special additional grant. That file relating to the "Agara Kanal" is also put up. —

It seems necessary

Orders are solicited on the following subjects

(a) The head to which the charges of purchasing "Garga Kanal" should be debited in the Current year's budget.

(b) Malnad Kadda to watchers.

(c) Hunsur Forest Lodge.

(d) Forest Budgets for 1900/01.

(a) This must go under 8(b) Compensation for Lands & rights to be treated as a further grant for 1899-1900.

(b) This was not intended to be discontinued.

(c) The provision made above covers all right.

Correspondence ending with letter No. 3725—562, dated the 14th May 1900, from the Conservator of Forests in Mysore, submitting the Budget estimates of Receipts and Expenditure of the Mysore Forest Department for the year 1900-1901.

No. 413-14—Ft. F. 19-99, dated Bangalore, 16th July 1900.

Order thereon—The Budget estimates of the Forest Department showing in the aggregate an income of Rs. 12,75,000 and an expenditure of Rs. 5,07,500, as particularized in the statements given below, are sanctioned and forwarded to the Comptroller for incorporation in the Provincial Budget. New charges will of course not be incurred without express and specific sanction.

2. The provision of Rs. 1,318 made for malnad batta to watchers will stand pending orders on the Conservator's letter No. 3875—130, dated the 22nd May 1900, requesting sanction to the introduction of malnad allowances.

3. An increased provision has been made for the temporary establishment which was intended to be absorbed into permanent establishment. But as the Conservator explains his reasons for retaining the temporary establishment, this provision is allowed to stand with the observation that there must, at the end of the year, accrue a saving in the cost of the permanent establishment to the extent at least of the cost of the temporary establishment.

Secy. to Govt., Gen. & Rev. Depts.

III. FORESTS.	Rs.	Rs.	Rs.	
1. Timber and other produce removed from the forests by Government agency—				
(a) Timber ...	1,13,710	1,92,400	1,70,600	The decrease of Rs. 21,800 is due to the proposed curtailment in the collection of timber to the depots, especially of the Mysore and Kadur districts and to the low amount expected to be realized from the depots of the Bangalore City extensions.
(b) Firewood and charcoal.	23,675	19,400	12,800	The decrease of Rs. 6,600 is due to the abolition of the temporary firewood depots in the Kolar district and the establishment, soon after the decrease of plague, of private sale depots in the Bangalore City.
(c) Bamboos ...	20,800	26,500	17,300	The decrease of Rs. 9,200 is due to the non-effecting of the sales of bamboos in the depots of the Bangalore City extensions and the want of demand in other districts especially in Shimoga and Kadur and partly to foster the sale in the forests under licenses.
(d) Sandalwood ...	8,06,138	7,55,000	8,11,000	The increase of Rs. 56,000 is due to a higher average rate per ton expected to be realized.
(e) Grass and other minor produce.	37,631	43,000	58,500	The increase of Rs. 15,500 is expected to be realized from the collection of gall-nut departmentally in the Shimoga district and to the proposed collection departmentally, as an experimental measure, of minor forest products of certain district jungles in certain taluks of the Mysore district.
(f) Wood fuel ...	...	...	...	
Total ...	10,01,954	10,36,300	10,70,200	
2. Timber and other produce removed from the forests by consumers or purchasers—				
(a) Timber ...	6,190	12,100	22,000	The increase of Rs. 9,900 is due to the proposed extension of permit system of sale of inferior timber in forests as they are unfit for depot collection.
(b) Firewood and charcoal.	32,743	32,100	45,000	The increase of Rs. 12,900 is expected in the Bangalore and Kolar districts owing to the demand for fuel supply for the mills in the Bangalore City and for the gold mines in the Kolar district.
(c) Bamboos ...	15,323	28,000	31,100	The increase of Rs. 3,100 is due to the anticipated increased sales of bamboos consequent on the more extended use of the permit system and to an expected reduction in sale rates.
(d) Grazing and fodder grass.	29,419	36,000	35,000	The revenue from this source is a fluctuating one depending solely on season prospects and the decrease of Rs. 1,000 calls for no special remark.
(e) Other minor produce.	80,843	1,15,000	62,500	The decrease of Rs. 52,500 is due to the falling off of demand for tangadi bark owing to the depression of the tanning industry and to the proposed collection departmentally of gall-nut and other products in the Mysore and Shimoga districts.
Total ...	1,64,518	2,23,200	1,95,600	
3. Confiscated drift and waif wood.	3,392	2,200	2,100	The decrease of Rs. 100 calls for no remark.
